

**Meeting of the Yorkshire Hockey Umpiring Association Management Committee held after the AGM on Thursday 3<sup>rd</sup> September by video conference**

**MINUTES**

**Present:**

Dik Skippings, Alistair Copeland, Mike Talbot, Barrie Pollard, Ross Anderson Lee Barron

**Apologies:**

Richard Sykes

**Notes of meeting**

It was agreed that Mike Talbot should be the representative on NHUA and Alistair Copeland the representative on YHA.

The committee was still short of two elected member representatives and someone to lead on Young umpiring. It was agreed that we would promote these vacancies to the wider membership and also try to identify suitable candidates through personal contacts.

It was agreed that the outstanding invoice from Tex for the website should be paid as concerns over the future of the company had now been addressed and we would be continuing to use the current Tex designed website.

It was agreed that we should use the NHUA Umpire availability form to capture information to help Richard and Barrie understand how many umpires we would have available this season and which leagues/fixtures we would be able to support. Lee B agreed to provide a copy of the form.

Return to play – at present it was unclear when League hockey would restart but we should liaise with the Leagues to get early information on this and try to support clubs who were able to play fixtures in advance of the full league restart dates.

A further meeting was scheduled for Thursday 24 September by which time the league restart dates should be known.
